

RISE to the Challenge:

PERSONALIZING PROFESSIONAL LEARNING THROUGH SEAMLESS INTEGRATION

The Challenge

The RISE Challenge aims to revolutionize professional learning by offering self-paced, implementation-based courses for teachers, fostering flexibility, sustainability, and impact on classroom instruction.

The Solution

The School District of Pickens County team uses Schoology to create & curate challenges aligned with our district strategic plans while highlighting the tools available within our digital ecosystem. Through the integration of PowerLearning and Schoology, our teachers have seamless access to PD challenges focused on utilizing technology in the classroom and reflecting on pedagogy.

Outcomes & ROI

Customized Learning: Invites & empowers teachers to tailor their PD experience to individual needs and preferences.

Interoperability: Seamless integration of Schoology and PowerLearning via open standards enhances user experience.

Scalability & Sustainability: Automating processes like course enrollment and completion tracking saves time.

Classroom Impact: Promotes district-wide improvement in instruction and learner engagement through technology integration. 241 classrooms in year one!

Future Goal: We aim to elevate teacher perception of PD opportunities from 88.6% to over 95% within the next 5 years.
